JEWISH ATONEMENT DAY IS TOMORROW

Most Important Day of Jewish Calendar Will Be Celebrated on Tonight Till Tomorrow Evening.

[BY ASSOCIATED PRESS.]
New York, Sept. 17.—Yom Kippur, or the Day of Atonement, the most important day in the Jewish calendar and the one most generally observed by the Hebrews, will begin at sunset this evening, and will continue until tomorrow evening. It is the tenth day of the month Tishri, the first month in the new year, and marks the end of the penitential period which began with the celebration of Rosh Hashanah.

Among the orthodox Hebrews Yom Kippur is kept as a solemn fast. For the full twenty-four hours there is a total abstention from eating or drinking and the time is spent in prayers to the Lord for forgiveness of the sins which have been committed during the year.

The holiday is ushered in with the Kol Nidra, observed by reformed and orthodox alike, although under different circumstances. The solemn and inspiring music has been adapted to modern orchestras and the reformed, in the synagogues of the orthodox, is cheered by the cantors and the choir's choral aid materially. During the services all the orthodox synagogues are flooded with light on account of the large number of candles used for the memorial services. The side making peace with his Maker the Hebrew must be at peace with all the world before entering his house of worship.

[SPECIAL TO THE GAZETTE.]
Milwaukee, Wis., Sept. 17.—It is going hard with the dairymen of Wisconsin who "water their butter."

Partly through the exhibits at the state fair, and partly through a visit at several dairies, "watered" butter has been placed on the list of new discoveries.

Capt. McCoy, United States revenue officer, is the Columbus of the watered butter. He says that there is a whole lot of butter sold in Wisconsin which is over 10 per cent water, and when it is so, the label of "adulterated butter" is put on the packages.

By the way, there will be more lumber cut this season than ever before in recent years. At the same time, the cry of "poor tobacco" is being chased with wolf yells.

The testimony in the government's suit to dissolve the Standard Oil company of New Jersey was resumed today before Judge Franklin Morris of St. Louis, who was especially appointed to take the testimony. In all the history of Chicago there has probably been no political contest that has equaled in its intensity and bitterness the fight that for nearly four months has been waged for and against the adoption of the new charter. The republicans, generally speaking, are supporting the charter, with the democrats almost a unit against it.

LIQUOR QUESTION UP IN NEW JERSEY

Democrats Meet in Convention but Will Leave Question Out of Platform.

[SPECIAL TO THE GAZETTE.]
Trenton, N. J., Sept. 17.—The Democratic state convention which will name a candidate for governor assembled today. More than 1200 delegates were in their seats when the gathering was called to order. The resolutions are that Frank S. Kutzbach, former mayor of Trenton, will be the choice for governor. The only other person whose name is mentioned for the nomination is ex-Judge Francis Child of Newark.

The Democrats believe that their chances for success this fall are exceedingly bright. The liquor question developed by the passage of the Bishop's law in 1906 is one of the questions which is giving the party leaders on both sides a good deal of concern. The Democratic convention will probably avoid it as far as possible in its platform. The Republicans, who will meet in convention here Thursday, will probably stand out on the law.

WIFE ABANDONED AND LEFT DESTITUTE

Woman Deserted by Husband Here and Is Compelled to Go to Work for Living.

To be left strictly destitute, without the price of the next meal and with a board and lodging bill of \$6.75 staring her in the face is the sad story in brief of Mrs. W. D. Wilson of Detroit, Mich., who was deserted by her husband here last Saturday. Without apparent provocation, Wilson left the city the last day of last week and has not been seen or heard from by his wife since. The couple came here last Wednesday and registered at the Park hotel. They had been living in Detroit for the past three years of their married life and came to Janesville from the Michigan city. Saturday morning Mr. Wilson left his wife in their room at six o'clock declaring that he would return at three in the afternoon. That day passed in without any trace of him and he has not been heard from since that morning. The homeless husband even left his own hotel bill unpaid and the amount credited against him and his wife is \$6.75. With destitution confronting her, Mrs. Wilson began to seek employment and yesterday secured a position at the Hotel Myers as chambermaid, not having a relative in this country whom she could call upon for assistance. She was born and reared in Switzerland where her parents and relatives live. She came from Switzerland to America a few years ago and still speaks English brokenly. This is the first time her husband has disappeared, and Mrs. Wilson is said to have declared that she is unable to attribute a reason for his mysterious disappearance.

CITY WILL MAKE NO CONCESSIONS

DAMAGES FOR GRADING

Rehabilitation of Dun-Wagon on Corn Exchange Square is Authorized—Other Proceedings of Common Council.

Claims for damages alleged to have resulted from the grading work conducted under the direction of the city in Riverview Park were filed by five more owners of property at the meeting of the city council last evening. Frank D. Shawson and Farmer W. Christman each asked for \$800; Mary M. Burgess, for \$700; Samuel D. Archer, for \$500; and Peter Hamerlund, for \$300; totals, \$3,100; grand total of all claims filed to date, \$9,700. That the city has determined upon a definite course of action with regard to these claims was manifest by an order stipulating that Thomas S. Nolan be retained to assist the city attorney "in any litigation which may arise from claims of damages by reason of the grading of the streets in Riverview park," which measure was introduced by Chairman Bullin of the judiciary committee and passed by unanimous vote, and the further order, likewise introduced and passed, that the aforesaid claims be laid on the table.

Report of Departments.
The finance committee's report on bills, the city treasurer's report for the month ending Aug. 31; the municipal court report for August showing that fines amounting to \$121 and fees amounting to \$28.22 had been collected; the report of the superintendent of the stone crusher; and the report of the board of education for August, showing expenditures of \$1,010.49, were received and passed upon. The street assessment committee reported the completion of the grading work on Garfield avenue and other streets in Riverview park, involving the removal of 10,376.6 cubic yards of earth; that \$2,216.75 was due Contractor W. Ryan—\$2,506.35 from the special assessment fund, \$355.80 from the general fund, and \$94.50 from the third ward fund. The city clerk was directed to draw an order on the city treasurer in the sum of \$150, payable to P. W. Ryan from the general and third ward funds, to cause to be published a notice of the issue of special street improvement bonds to cover the cost of the improvement, and to prepare a statement and schedule of the several assessments against property, the owners of which had not elected to pay.

Union-Wagon Again Licensed.
The ordinance providing for the remodeling of the Jefferson school building, carrying with it an appropriation of \$20,000 for the work and \$8,732.60 for interest on the forty \$500 bonds, was given its third reading and placed on passage. Chairman Hinchholz of the license committee introduced an order granting William Monroe the privilege of conducting a sandwich business, on the corner of the Corn Exchange square, with the provision that any freetradeholder should be promptly dealt with by the city marshal. The measure was passed.

The bond of Edward Smith, the new assistant street commissioner, was found to be in due form and satisfactory good, and accepted.

Standard Walks Ordered.
The street commissioner was directed by orders to serve notice on the owners of the following described real estate to build standard walks in front of their property on designated streets: lots 27, 29-33, block 6, and lot 2 in block 4, Railroad addition—on Chestnut street; lots 9-11, block 3, Railroad addition—on Galena street; part of the S. B. 1/4, Sec. 25, town 3, range 12, bounded on the north by Milwaukee avenue, on the east by Jackson's addition, on the south by the section line, and on the west by Crotenberg—on Milwaukee street; lot 1 and the southerly 1/2 of lots 2, block 14, original plat and block F, Forest Park—on East street; the northerly 1/2 of lot 2, Smith, Bailey & Stone's addition—walk across the alley at westerly end of said lot on Dodge street. Further, the street commissioner was directed to have the sidewalk contractor, B. P. Crossman, lay a cement walk in front of the park between North Jackson street, Madison street, and Mineral Point avenue, on North Jackson and Madison streets. Owners of lots on the southerly side of East street from South Third street to Oakland avenue are to be directed to build standard walks within twenty days. Standard walks are to be ordered built by the owners of certain lots on the northerly side of Milwaukee street from South Third to Oakland avenue; also certain owners of lots in the Pixley addition on North Hickory street and the House addition on Fifth avenue. A standard five-foot walk was ordered built along the east and west sides of the triangular lot in Forest Park bounded by Jackson street, Oakland and Garfield avenues.

Grades and Crosswalks.
Ald. O'Hara introduced an order granting permission to the owners of property on Benton avenue to build a 4-foot walk. The order was carried by a vote of 6 to 4, Aldermen Hoffeld, Sheldon, Merrill, and Clark voting in the negative. Owners of property on the west side of Logan street from Sharon to Carlington

Recently a conference was held between officers of the local Y. M. C. A. and division superintendents of the North-Western road relative to the possibility of the local Association erecting a Railway Y. M. C. A. at the new yard south of the city. While nothing definite was decided upon the officials stated they were in a position to offer a suitable lot for the building if the local Association would build it. This was declared impractical and it is probable that the road will make a more liberal offer shortly. The officials stated that when the yards were completed enough men would be employed to make such a building necessary which can be taken to mean that there will be an increased force here than was first anticipated.

the operations in Surgical Dentistry that Dr. Richards is enabled to do without hurting people.

His patients appreciate what they are getting, too, for they stick to him. Why shouldn't they, when they can say, as they repeatedly do: "Dr. Richards, you hurt me the least of any dentist I ever had work for me."

Hardly a day passes without some one thanking him in about the above language.

The children love him too, because they find that a sympathetic, careful man is working over them and they know their confidence will not be violated.

FIGHT WAS A MOST BITTER ONE TO END

Janesville Enters Dramatic World as Scene of Initial Engagement.

When the "Coming Thro' the Rye" theatrical company, headed by Cecil Leach and Florence Holbrook, reached Janesville August thirty-first for the third rehearsal of the production, Janesville did not know that it was the opening run of a bitter theatrical war. According to the New York Telegraph the company left Chicago under sealed orders and rehearsed and gave their productions of the musical comedy in Janesville before the enemy knew that they were actually in existence. It is a fight between Will J. Block under whose management the Janesville production was made and another company now playing in the east for the right to produce the production. It has led to several changes in different Chicago theatres owing to partnership of members of different companies now playing there in stock and the end has not yet come. The New York Telegraph has the following in its relative to the affair:

"One must feel a certain amount of admiration for the perseverance of Will J. Block, whether right or wrong. Despite threats, injunctions and harassing litigation of all sorts, he has succeeded in producing 'Coming Thro' the Rye,' and at last reports was presenting the piece on tour somewhere in the West."

"The address of Block and his company is known only to a limited few, for in face of the legal obstacles placed in his pathway he is not blazoning forth his itinerary. As previously announced, his edition of 'Coming Thro' the Rye' was to have been presented in Chicago August 25 at the Garrick theatre. An injunction restraining the managers of the theatre compelled him to change his plans."

"He informed the company that it would open its season September 3, but declined to tell them where. He engaged Cecil Leach, at one time the favorite comedian of the La Salle Theatre, and on the afternoon of September 3 by a circuitous route he conducted his faithful band to the train. "Until the train was under motion, an one in the organization knew the name of the first 'stand.' Finally, after pleading every member to secrecy, he told them that Janesville would be the first stop. The remainder of the week the company played in other small cities of Wisconsin, every member of the cast, however, being pledged not to disclose the route to outsiders."

"The fact that the Rock Company, financed by M. S. Lacey, is directing an excursion of its own for 'Coming Thro' the Rye' does not seem to cause Block the least annoyance."

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until today we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests are in most valuable medicinal roots in the world. He has carefully investigated them and has found that they possess the most valuable medicinal virtues. He has found that they possess the most valuable medicinal virtues. He has found that they possess the most valuable medicinal virtues.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar ailments, weaknesses and derangements, is Dr. Pierce's Favorite Prescription. As is amply attested by thousands of testimonials, it is a cure for all the ailments which women are afflicted with. It is a cure for all the ailments which women are afflicted with. It is a cure for all the ailments which women are afflicted with.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native medicinal roots. The processes employed in their manufacture were of official character and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances of the latest and best for the purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. Full list of their ingredients is printed on each bottle wrapper.

ROWBOAT UPSETS; TWO ARE DROWNED

YOUNG COUPLE PERISH IN THE DELAWARE RIVER.

THREE OTHERS ESCAPE

Six Workmen at Aspinwall, Pa., Leap In. Panic from Sinking Stone Barge and Lose Their Lives.

Philadelphia, Sept. 17.—Miss Ada Smith, aged 19 years, of this city, and George Denver, aged 23 years, of Westville, N. J., were drowned, and Mrs. Ray Springer and her two children, of Billingsport, N. J., narrowly escaped drowning in the Delaware river off that place Monday by the overturning of a small boat in which they were rowing.

Miss Smith and Denver were visiting the Springer home, and before leaving they went for a row on the river in a 12-foot rowboat. When in midstream the heavily laden craft was struck by a swell and capsized. Mrs. Springer seized one of the children and clung to the overturned boat. The other child held to the mother's dress and thus the trio kept above water. Denver disappeared when the boat capsized and his body has not been recovered. A rescuing party found the body of Miss Smith under the overturned boat.

Leap in Panic and Drown. Pittsburgh, Pa., Sept. 17.—Panic-stricken when a barge, in which they were crossing the Allegheny river, began to sink, six workmen employed by the Drive Contracting company on the United States government dam No. 2 at Aspinwall, Pa., a suburb six miles above this city, jumped into the river Monday and were drowned. With the exception of Frank Herman, all the men were Italians.

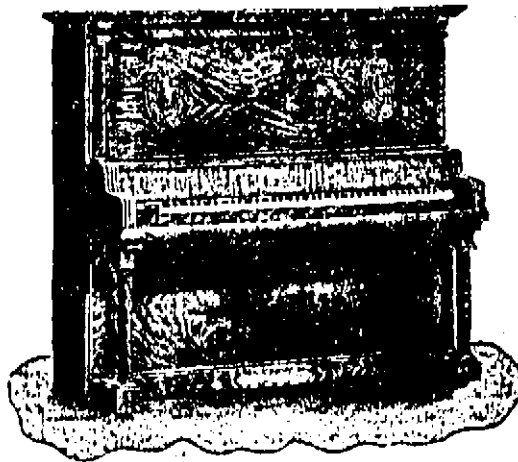

When near the Aspinwall shore the barge, which was heavily loaded with stone, began to sink. The foreigners became frenzied and leaped into the river, carrying Herman with them. None of the men could swim and all perished before assistance from shore could be given. The bodies have been recovered.

The Cruel Man. Sweet Young Thing—No, Mr. Sprat, I can not accept your invitation. I have learned what kind of a man you are. Mr. Jones told papa he saw you a few moments ago "hitting a horse's neck." Oh, how could you be so cruel to a poor, dumb beast? Brute!—Judge.
